RUPTURE EXPERT HERE

Seeley, Who Fitted the Czar of Russia, Called to Durant.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will be at the Atwood Hotel and will remain in Durant, this Monday and Tuesday, only, September 21 and 22. Mr. Seeley says:

The Spermatic Shield, as furnished and supplied to the United States Government will not only retain any case of rupture perfectly, affording immediate and complete relief, but close the opening in ten days in the average case. This instrument received the only award in England and in Spain, producing results without surgery, harmful injections, medical treatments or prescriptions.

Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. (Don't wear a truss where the lump is, but place it where the opening is—it's different—call and be shown.) All charity cases without charge, or if any interested call he will be glad to show them without charge and fit them if desired. Anyone ruptured should remember the date and take advantage of this opportunity.—adv.

LIVE STOCK MARKET IN DETAIL

Kansas City Stock Yards, Sep. 15.—A supply of 46 thousand cattle in two days this week, the largest run this year, met a very good demand. Prices were steady on the best cattle yesterday, weak to 10 lower on others, and the market is generally steady today with good action. Prime natives are becoming very scarce. A two car drove of 1250 pound steers brought \$10.70 today and another drove of 1350 pound steers \$10.60. Missouri corn and blue grass steers, in each instance.

Middle grades of fed natives are very scarce, and sell at \$8.25 and up-

wards this week. Kansas pastures have not contributed very heavily this week, although the season is at hand when the owners of cattle in the same will have to act, on account of frost destroying the grass. Most of the sales of early Kansas grass steers today were at \$7.25 to \$8, some good cattle selling up to \$8.85. Quarantine steers sales this week are ranging from \$5.50 to \$6.30, receipts 119 cars yesterday, thirty cars today. Panhandle cattle are now moving freely and the quality of flesh is fully up to the usual high standard from that section of the country. Panhandle twos and threes sell at \$7 to \$7.75, yearlings and calves at \$6.75 to \$8.35, cows \$5.25 to \$6.25, heifers \$6.65 to \$7.25. All kinds of feed is being made at an amazing rate since the late rains have fallen and stocker and feeder demand is ample to absorb the augmented supply this week at firm prices, \$7.25 to \$8.35 for feeders, and \$6 to \$8 for stockers. Tight money is coming to be regarded as popular fiction, good growing weather having loosened the purse strings for cattle investments.

Hogs sold ten lower today, receipts 10 thousand head. Top \$8.65, and a good many hogs were taken by order buyers at \$8.50 to \$8.55, packers taking the remainder at \$8.35 to \$8.55. Order buying trade is a distinct asset, top here today 20 cents above the nearest Missouri river point, without that demand. Heavy packing grades have suffered most of the recent declines, bulk of the sales at Chicago today ranging from \$8.25 to \$8.75.

Sheep and lambs are 10 to 20 higher today, following a similar ad-

vance yesterday. Idaho lambs sold at \$8.40 today, fair to good lambs brought \$8.25, that would have stopped at \$8 yesterday. New Mexico yearlings brought \$6.35, wethers worth \$6, ewes \$5.25 to \$5.65, and breeding ewes \$5.00 to \$5.75, feeding lambs \$6.30 to \$7.25. Receipts today 12 thousand head, same number yesterday.

STATE COTTON MEETING

The meeting at Oklahoma City Wednesday of the Cotton men and the farmers from over the state to discuss the cotton situation was held as scheduled with a large attendance of farmers from over the state. The meeting endorsed the plan of holding cotton in bonded warehouses, and recommended that the landlords only lease their land to tenants with the understanding that the cotton acreage is to be reduced next year at onimended to Bankers that a reduction of at least this much in acreage, be made a basis of credit to the cotton raising farmers. National action tot ax the 1915 cotton crop, was also recommended at the meeting.

How To Give Quinine To Children.

FEBRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose.
